Let's get started!

Tools that make it easy

“I love the online chat tool. It’s perfect when you are commuting in public transportation and don’t want to talk on the phone.”

—Regence member

Health care shouldn’t be a headache. That’s why we have easy-to-use tools to help you do the things you need to do—without the hassle.

Find a new doctor, check your deductible, pull up your member ID card on your phone. You can even chat with us when you have a question. Best of all, your tools are all personalized to you based on your health benefits. All you have to do is sign in to your account on **regence.com** or the app.

Find doctors in your network

Use our [search tool](#) to locate providers in your network. Find the right care with filters for gender, languages spoken and virtual care options.

Get medication support and pharmacy options

Research costs and side effects to find safe, effective and affordable medications that your health plan covers. Chat with a pharmacist for all your medication questions. Sign up for convenient home delivery through Express Scripts or Amazon Pharmacy, plus access 65,000 pharmacies across the country.

Check your coverage and track costs

See what services your plan covers. Keep an eye on your key health care expenses, like your deductible and out-of-pocket maximum.

Pull up your health history

Easily access your care timeline—a chronological list of past doctor visits, lab work and prescription refills for you and family members on your plan.

Get personalized reminders

Stay on top of your health with tailored messages and alerts, like notifications about your medications and reminders to get your flu shot and preventive exams.

On-demand care

You're not feeling well and your doctor's office is closed. Should you go to urgent care? The ER? Wait it out? It's hard to know what to do. Get to know your options, so you can plan ahead for the next time you need care right away.

	 Virtual visit	 Urgent care clinic	 Emergency room
Description	Your health plan makes it easy to have a doctor appointment from the comfort of home. Even get a prescription sent to your pharmacy.	Choose an urgent care center if you need more immediate, in-person attention, especially after hours. Plus, urgent care costs a lot less than the ER.	If you're experiencing life-threatening symptoms, go to the ER. Doctors there are specially trained to treat critical health needs.
Availability	24/7	Hours vary by location	24/7
Average wait time	Short	Moderate	Long
Average cost	Low	Moderate	High
Consider for	Allergies, anxiety & depression, cold & flu, UTIs	Abdominal pain, migraines, sprains, strains & cuts	Chest pain, major burns & injuries, shortness of breath, uncontrolled bleeding

To see the care options available to you, sign in at [regence.com](https://www.regence.com) and select **Find care**.

Mental health support

Everyone could use a little help sometimes. If you're feeling low or in need of support, we can help you find the right care. Many therapists and psychiatrists offer both in-person and virtual appointments, so you can get care just how you need it. Your plan may also include additional options for virtual therapy and virtual substance use disorder treatment.

Go to [regence.com/member/behavioral-health](https://www.regence.com/member/behavioral-health) and sign in to see all your options.

It can be challenging to find a mental health provider that fits. On top of that, wait times can be long. But we're here to help you find someone who can see you soon—just chat with us online or call the number on the back of your member ID card.

Network savings

A network is a group of doctors, dentists, hospitals and pharmacies that are part of your health insurance plan. We've contracted with these provider networks to ensure you receive quality, safe care—at lower prices that we've negotiated for you. **By getting care from providers in your network, you'll save money and avoid surprise medical bills. Some plans offer limited coverage if you go outside your network, so you could be responsible for a large portion of the cost of your care.**

Sign in at **regence.com** to use our [doctor search tool](#) to find providers in your network.

Coverage that travels with you

You can rest easy when you're on the road—BlueCard® covers you at in-network prices across the country for urgent and emergency care. And when you're traveling, remember that virtual care can be a comfortable and convenient option. Sign in to **regence.com** to find care wherever you are or to access virtual care.

“We were on vacation in the middle of nowhere. This option saved me a two-hour round trip to the ER. That would have cost me a fortune. So thankful for this option.”
